

TURNING OFFICE SPACE INTO SUCCESSFUL SPACE

Successful companies are built on good ideas, creative thinking and talented people. With competition for top talent, the right office space can often be key in attracting and retaining the best people. Today's high-performance office environment combines sustainable design, open space and non-traditional features to stimulate innovation, foster teamwork and inspire idea sharing.

The right space is more than where you work, it's who you are.

The team at Melvin Mark Brokerage Company specializes in understanding your fast-growing business and matching the right office environment and location to your company culture and requirements. Our in-depth market knowledge saves you time and money, allowing you to spend your energy on what matters most — building and running your business.

We match your needs with the right space.

A sharply focused discovery process reveals exactly what you want in an office space. Location. Aesthetics. Systems. Room for expansion. Layout. Cost. Our strength is the uncanny ability to show you options you may have never even thought of, delivering the ideal location to help propel your company to the next level.

We manage the process so you don't have to.

Customized financial tools provide an at-a-glance look at how the different options meet your staff, growth and budget requirements. From initial search and analysis through the negotiation process and final move-in, our skilled professionals are with you every step of the way.
