ABOUT MELVIN MARK COMPANIES

Melvin Mark Companies has developed, owned, and managed property in Portland since 1945. Along with a current portfolio of more than 3.8 million square feet of commercial space in the Metro area, we also provide a full range of commercial real estate services for landlords and tenants. Our companies include Melvin Mark Capital Group, Melvin Mark Investors, and Melvin Mark Brokerage Company.

We have a respected reputation in the community; we are regarded as both a great place to work and for our philanthropic endeavors. We offer a competitive benefits package which includes medical/dental/vision, professional development, parking, an annual TriMet pass and much, much more! Our employees seem to enjoy being part of the Melvin Mark team. Are you interested in bringing your talents to one of the leading commercial real estate firms in Portland? Be sure to check us out at www.melvinmarkcompanies.com.

JOB SUMMARY

The following job profile is designed to summarize certain essential information about a job or job category. It is not designed to be a comprehensive or detailed task list for any particular job or job category. This job or job category may have individual or multiple incumbents, each of whom may perform somewhat different specific job duties or tasks consistent with the general function of the job. Incumbents may be required to perform duties or support functions other than those listed on this job profile as needed. A job profile may be amended at any time with or without notice.

The Building Engineer is responsible for the physical operations of assigned properties, ensuring high project performance is met based on established goals and benchmarks.

ESSENTIAL FUNCTIONS / PRIMARY RESPONSIBILITIES

Describe the key responsibilities of the job. Include the *essential functions* for which the job is accountable and denote with an asterisk. Essential functions are the core elements of the job which are specific and unique to this position and when removed changes the nature of the job itself.

PORTFOLIO MANAGEMENT

- Manage maintenance, repairs, and capital improvements for assigned buildings. Including all building systems – mechanical, electrical, plumbing, structural, fire/life safety, elevator/escalator, building envelope
- Identify, recommend, and implement preventative and on-going maintenance programs to preserve and/or upgrade building systems
- Stay abreast of latest technologies as related to building systems and equipment
- Manage Energy Management System programs, perform in-house programming and develop computer-based graphics to ensure measures are taken to operate all systems while considering occupant comfort, efficiency and minimizing operating costs

VENDOR MANAGEMENT

- Manage vendor relationships effectively to ensure service expectations and contract obligations are met and costs are within budget and/or opportunities for expense savings are achieved
- Oversee and inspect work performed by outside contractors seeing that the contract specifications are followed, and work is completed in a timely manner
- Competitively bid service agreements as necessary
- Provide quality assurance to all proposed work that will impact building systems by reviewing plans (approving or denying) to maintain building standards. Complete intermittent inspections to confirm work is being completed according to plan
- Work closely with building security and day janitors to ensure seamless delivery of building services to customers

CORE COMPETENCIES

Describe the core competencies of this job. Include the *key characteristics or competencies* which are required to achieve success in this job.

- Able to demonstrate strong problem-solving techniques
- Values the importance of great customer service
- Must excel at performing work accurately and thoroughly
- Knows how to write and verbally communicate in a professional manner
- Must be proficient in working with, and understanding, commercial building HVAC, plumbing, electrical, fire & life safety systems, construction, carpentry, painting, and roofing
- Able to work independently and proactively
- Should be able to actively listen to, convey, and understand the comments and questions of others using tact, courtesy, and good judgment

KNOWLEDGE / EXPERIENCE / EDUCATIONAL REQUIREMENTS

- Three to seven years of experience as a building engineer (HVAC, plumbing, electrical, FLS, carpentry, construction) working with a similar portfolio as that of Melvin Mark
- EPA/Refrigerant Certification is a must
- BOC I & II – Building Operators Certification is required
- SMT BOMA is required and working towards SMA BOMA is desired
- LME – license required or 3,000 hours towards LBME (Limited Building Maintenance Electrician)
- General knowledge of building codes, electrical standards (24-480v), water treatment standards, and building operation standards
- Ability to read and understand blueprints, and associated design documents
- Exhibit strong skills working with Microsoft Word, Excel, Outlook, and Energy Management System based software
- Bachelor's degree is preferred. High school diploma or equivalent education is a minimum requirement

JOB CONDITIONS

There is a high noise environment in mechanical rooms when chillers are operating. Some exposure to concentrated particulates during perimeter unit cleaning. Also, some extreme stretching, bending when inspecting perimeter units.

The individual in this position needs to move around a large office building, occasionally ascending/descending ladders and moving a variety of items/equipment up to 50 pounds. This person must also be adept at communicating and

exchanging information with tenants, coworkers, and vendors. It is often important for this position to be exposed to outdoor weather conditions.

This is an essential services position, and as such, this individual is often called upon to assist in the welfare of our tenants and the safety of our buildings in emergency situations such as severe weather occurrences, etc. Working on-call evenings and rotating weekends is required.

All building staff may be subjected to a separate clearance/background check by Federal, State, or Municipal tenants.

HOW TO APPLY

Please send resumes and cover letters to:

Kim Barnett, VP of Human Resources
